Heat Guy J The Complete First Series

Mafia bosses feel the heat

AVAILABLE: 21 August

LABEL: Manga

CERTIFICATE: 12

NO. OF DISCS: 6 Discs

RETAIL PRICE: £24.99

RUNNING TIME: 650 mins

ANOTHER MONTH MEANS ANOTHER futuristic anime. *Heat Guy J* is set in the city of Judoh which is home not only to the Special Services Division of the Bureau of Urban Safety, but also a mafia-style organisation known as Vampire. In the middle of this is the android J. With gorgeous animation and excellent audio in both English and Japanese, *Heat Guy J* is something different. The English cast consists of veterans of the industry including Wendee Lee, and the transfer itself is clear and vivid, making it a joy to watch.

LESLEY SMITH

DVD Extras

Anamorphic widescreen with a choice of audio in English and Japanese 5.1, 2.0 and DTS; optional English subtitles. Not much by way of extras aside from trailers for Manga releases.

NEO Verdict

It's rare to see an anime series that is both compelling and so visually impressive.
